DAYTONA

S1-Safety shoe for dry working conditions

Breathable, wearable and incredibly comfortable

It's not hard to see that the Daytona is one of EMMA's most breathable shoes. It's an ideal choice for warm, enclosed environments such as those in the Automotive industry. It features EMMA's unique Hydro-Tec® Antibacterial technology, removing moisture and perspiration instantly. Synthetic, reinforced toes and super swift velcro fasteners make the Daytona an ideal choice for all active occupations but especially for people working in Warehousing and Logistics.
