NESTOR

S3-Safetyshoe with sole plate for wet work

Take it all in your stride.

The Nestor's design optimises comfort for all shapes and sizes of feet. It's a higher version of the Nordic, offering slightly more ankle protection thanks to its mid height shank. The shoe's oiled nubuck leather is soft to the touch yet repels water like it's rolling off a duck's back. It's the ideal 'in and out' shoe. Perfect for visiting a construction site, loading and unloading, the Nestor takes it all in its stride.
